PINE SEVEN

A powerful pleasing disinfectant, deodorant and germicide, very suitable for use in hotels, banks, institutions, schools, office buildings and industry.

DIRECTIONS FOR USE: This product is instantly soluble in water. It forms a stable, creamy milk white emulsion when mixed with water. Floors: when mopping or scrubbing use 6 to 12 mL of PINE SEVEN per litre of water. General Disinfecting: remove all dirt and grime from the premises and use a solution of 19 mL of PINE SEVEN per litre of water. Urinals, water closets and toilet rooms: wash the closet and bowl regularly with a solution of 9 mL of PINE SEVEN per litre of water. Garbage: to reduce the breeding of flies and other vermin, wash the garbage container with a solution of 19 mL of PINE SEVEN per litre of water.

PRECAUTION: Keep out of reach of children. Avoid contamination of feed and foodstuffs. Surfaces which contact food must be

completely rinsed with potable water. Harmful if taken internally.

Avoid contact with eyes. Avoid contact of undiluted material with skin.

FIRST AID: If accidentally ingested call a physician and give milk or cornstarch slurry as antidote. If undiluted material is accidentally splashed on the skin, wash with soap and water, and rinse in lukewarm water.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
