**LATER'S
KLEENUP
DANDELION WEEDKILLER**

Controls Broadleaf Weeds such as
Dandelions, Plantain and Ground Ivy in Lawns

DOMESTIC

REG. NO. 15114 P.C.P. ACT

GUARANTEE: 2,4-D equivalent 200 g/L
(present as Diethanolamine salt)

CAUTION – POISON

KEEP OUT OF REACH OF CHILDREN
READ THE LABEL BEFORE USING

250 mL

Nu-Gro IP Inc.
10 Craig St.
Brantford, ON
N3R 7J1

DIRECTIONS: A SELECTIVE CONTROL OF BROADLEAF WEEDS IN LAWNS, such as Dandelions, Black Medic*, Catsear, Ground Ivy, Knotweed, Mallow*, Plantain and Mustard. Treat lawn in spring, early summer or late fall, when weeds are actively growing with enough leaf area to absorb the chemical. Soil should be moist at the time of application. Spray to wet the leaves. Do not water lawn for 24 hours after application. Do not cut grass for 4 days before and after treatment. Repeat treatment may be necessary on hard-to-kill or established weeds.
*Controls young stage only.

Maximum Application Frequency: For good turf/lawn management, normally two applications per year per treatment site are adequate. This does not include spot treatments. New lawns can be treated after the grass has been cut twice. May cause injury to Bent grass. Do not use or store near heat or flame.

5 mL = 1 teaspoon

15 mL = 1 tablespoon

1 m = approx. 1 long pace

10 m² = 5 m x 2 m

HOW TO USE: Mix 5 mL of this product with 5 litres of water to cover 10 m². Apply evenly over lawn or apply as a spot treatment.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid contact with eyes, skin and clothing. Wash hands after use. Harmful if swallowed. Causes skin and eye irritation.

Protective Clothing: Wear a long-sleeved shirt, long pants, socks, shoes and chemical-resistant (e.g., rubber) gloves.

Operator Use Precautions: Rinse gloves before removal. Wash hands before eating, drinking, using tobacco or using the toilet. If pesticide penetrates clothing, remove immediately; then wash thoroughly and put on clean clothing. Remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water, then shower. Re-use gloves for pesticide application only.

Re-entry Interval: Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treated areas until spray has thoroughly dried.

ENVIRONMENTAL HAZARDS: Do not contaminate streams, lakes, or ponds. Keep spray drift away from desirable plants. Do not use treated grass clippings as a mulch. Do not use same sprayer for spraying insecticides and fungicides as used for weedkillers.

FIRST AID: If swallowed, INDUCE VOMITING and contact a doctor or poison control centre IMMEDIATELY. **If in eyes,** flush with plenty of water for 15 minutes and contact a doctor or poison control centre IMMEDIATELY. **If on skin,** wash with soap and water. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: Keep product in original container. Store in a cool, dry place away from food, feed, seeds, fertilizers, insecticides or fungicides. Do not store diluted spray.

DISPOSAL: Do not reuse empty container. Rinse thoroughly and use rinse-water with regular spray. Wrap container and discard in household garbage.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
