LONGVIEW, TX 75607 USA

ITEM #81416

WATER BASE FORMULA WITH LANOLIN FOR DOGS, CATS, PUPPIES,
KITTENS KILLS FLEAS UP TO 14 DAYS ON DOGS AND CATS, KILLS
TICKS UP TO 4 DAYS ON DOGS AND UP TO 9 DAYS ON CATS

DIRECTIONS FOR USE:

HOLD CONTAINER UPRIGHT - SHAKE WELL BEFORE USING. Spray the animal from a distance of 20-30 cm. Start spraying at the tail, moving the dispenser rapidly and making sure the animal's entire body is covered, including the legs and under the body. Fluff the hair as you spray so the spray will penetrate to the skin. Wet ticks thoroughly. Repeat as needed, but not more often than once per week.

Do not spray in eyes, face or on genitalia. Do not use on nursing puppies or kittens under 3 months of age. Do not use this or any other pesticide on sick, old or debilitated pets or animals under drug or pesticide treatment. Before using on pregnant animals, consult a veterinarian.

STORAGE AND DISPOSAL: Store in a cool area away from heat and open flame. Store above 0 deg C and protect from freezing. Do not re-use empty container. Wrap original container in several layers of newspaper and discard in trash.

PRECAUTIONS: Harmful if swallowed. Avoid breathing vapors. Use protective gloves (mitts) to prevent contact with hands. Discontinue use if dermal or nasal irritation develops. Do not use near birds, fish, feed or foodstuff.

PHYSICAL and CHEMICAL HAZARDS: Do not use or store near heat or open flame.

FIRST AID: IF SWALLOWED: Call a physician. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person. IF IN EYES, Flush eyes with plenty of water. Call a physician if irritation persists. IF ON SKIN, Wash affected areas with soap and warm water. IF INHALED, Remove the victim to fresh air. Apply artificial respiration if indicated and call a physician.
