- *In a detergent base

CITADEL ANIMAL HEALTH
Cambridge, Ontario N3C 2W4

NET CONTENTS: 20 L

INDICATIONS: As an aid in the control of disease causing bacteria.

DIRECTIONS FOR USE: All organic matter should be cleaned from equipment wherever possible (farrowing crates, creep feeders, layer cages, drinking troughs and bowls, etc.) and Citadel Germ Kill applied with a brush in a concentration of 50 ppm available iodine (3 ml/litre water). Do not use extremely hot water. For porous surfaces or surfaces difficult to clean, the concentration may be increased to 75 ppm (5 ml/litre water).

For floors and walls, use 75 ppm (5 ml/litre water). Citadel Germ Kill may be brushed on or applied with a sprayer. Care should be taken to ensure that all surfaces are covered - floors, walls, and all rafters or beams in the ceiling. For foot baths use 100 ppm (6 ml/litre water).

CAUTIONS: Avoid contamination of food with Citadel Germ Kill. KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Causes eye damage and skin irritation. Avoid contact with skin and eyes.

FIRST AID: In case of contact, flush skin or eyes with plenty of water for at least 15 minutes. For eyes, and if swallowed, obtain medical attention or contact poison control centre.

NOTICE TO USER: This control product is to be used in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

An iodine based sanitizer-cleaner for Livestock and Poultry Husbandry and for disinfection of poultry crates and livestock trucks in Registered Establishments.

NOTE: Citadel Germ Kill is its own indicator of Germicidal activity. As long as yellow colour persists, Citadel Germ Kill continues its germicidal activity. When colour fades, prepare a fresh solution.

DISPOSAL: Triple or pressure-rinse the emptied container thoroughly and add the rinsings to the treatment site. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the manufacturer. For small spills, recover free liquid. Soak up residue with solid absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM PROVINCIAL REGULATORY AGENCY OR THE MANUFACTURER AS IN #4.
