325 g

DIRECTIONS : For the control of wasps, bees, hornets and yellow jackets, remove protective cap and point nozzle in direction of the wasp nest or at the insect. Press the nozzle and completely saturate the nest from a distance of 3 metres. Allow sufficient time for insects to die. Application to wasp nests should be made in late evening or early morning when insects are at rest. **LIMITATIONS :** Do not use inside homes, on humans or animals. Do not use as a space spray. **PRECAUTIONS :** Keep out of reach of children. May be harmful if swallowed, inhaled or absorbed through skin. Provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Avoid breathing spray mist. Wash thoroughly with soap and warm water after using. Do not allow children or pets to contact treated areas until surfaces are thoroughly dry. Do not contaminate food, utensils, food preparation, handling or storage areas. Do not contaminate any body of water. Do not contaminate animal feeding areas. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat. Do not store or use above 50 °C as container may burst. Do not puncture or incinerate container or spray near open flame or spark. **FIRST AID TREATMENT**
TOXICOLOGICAL INFORMATION : Treat symptomatically. If on skin, wash immediately with soap and warm water. If in eyes, flush for 15 minutes with water. If irritation develops, consult physician. If accidentally swallowed, obtain medical attention or contact a poison control centre at once. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention. **DISPOSAL :** When the container is empty, press button to release all pressure, then dispose in household garbage. Do not puncture or incinerate container.
