PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes irreversible eye damage and skin burns. May cause allergic skin reaction. May be harmful if inhaled. May be fatal if swallowed or absorbed through skin.

Do not get in eyes, on skin or on clothing. Wear goggles or face

shield and rubber gloves when handling. Avoid breathing vapour or mist. Avoid contamination of food. Do not take internally. Wash thoroughly after handling.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

#### STORAGE AND DISPOSAL PROHIBITIONS

This product evolves gas (largely carbon dioxide) slowly. To prevent buildup of pressure the product is packaged in specially vented containers. Keep this product in the original container when not in use. Container must be stored and transported in an upright position to prevent spilling the contents through the vent. Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. If plastic, do not re-use empty container.

#### DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environmental Protection, Environment Canada.
5. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.

#### NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

## DIRECTIONS FOR USE

This product is recommended for the control of bacteria and fungi in the following liquid hydrocarbon fuels and oils: aviation fuels, kerosene, heating oils, diesel fuels, residual oils, coal slurries, liquified petroleum gases and petrochemical feedstocks.

METHOD OF ADDITION: Add this product at 8 kilos to 24 kilos per one million kilos of total system (fuel and water) depending on degree of fouled system. This will provide 1.5 to 4.5 ppm active ingredient.

DANGER. KEEP OUT OF REACH OF CHILDREN.

### FIRST AID:

IF SWALLOWED: Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatine solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

IF INHALED: Remove immediately to fresh air. If not breathing, apply artificial respiration. If breathing is difficult, give oxygen. Call a physician.

IF ON SKIN: Wash thoroughly with soap and water. Remove and wash contaminated clothing before re-use. Call a physician.

IF IN EYES: Flush with plenty of water for at least 15 minutes. Call a physician.

TOXICOLOGY: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed. Skin burns and corrosion may be delayed for several hours.

FOR INDUSTRIAL USE ONLY: Technical advice regarding specific site problems is available from BETZ.

CORROSIVE LIQUIDS, N.O.S.  
(5-CHLORO-2-METHYL-4-ISOTHIAZOLIN-3- ONE), UN 1760.
