APPLICATIONS: Unique two spray insecticide for spot, crack and crevice treatment to control spider, sowbugs, earwigs, cockroaches, crickets, millipedes, silverfish, and ants.

DIRECTIONS: USE ONLY AS DIRECTED ON THIS LABEL. SHAKE BEFORE USE. Hold container about 30 cm. from surface being treated. Spray until wet. Thorough applications produce a coating which will vaporize into cracks and crevices for insect control. If reinfestation occurs, repeat application.

INDOOR USE: For spot treatment in industrial plants, manufacturing plants, warehouses, meat packing plants and food processing plants. Crack and crevice treatment in ship holds, railroad boxcars, industrial plants, manufacturing plant, warehouses, meat packing plants and food processing plants. In meat or food processing plants apply only when plant is NOT in operation. Treat cracks, crevices, baseboards, under equipment, under and behind cabinets, refrigeration and cooking units, under and behind sinks, around garbage containers and waste containers as well as other areas of insect habitation. Provide adequate ventilation after indoor use. **KEEP OFF TREATED AREAS UNTIL DRY.**

Farm buildings (in and around dairy cattle, beef cattle, swine, sheep and poultry), foodlots, corrals, stockyards, holding pens and other livestock holding areas.

OUTDOOR USE: Spray localized areas on outside surfaces of industrial plants, manufacturing plants, warehouses, meat packing plants and food processing plants.

FIRST AID: Contains volatile petroleum distillate. If swallowed, do not induce vomiting. Call physician or Poison Control Centre immediately. In case of contact with skin, wash with soap and water. If in eyes, flush with water 15 minutes, get medical attention. Take container, label or product name and Pest Control Registration Number with you when seeking medical attention.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contents under Pressure. Do not place in hot water or near radiators, stove or other sources of heat, or store at temperatures over 50°C. Do not spray near open flame or spark. Do not puncture or incinerate. Harmful if swallowed, inhaled or absorbed through skin or clothing. Avoid contact with eyes, skin, or clothing. DO NOT USE ON HUMANS, PLANTS, ANIMALS OR ANIMAL FEED AREAS. Do not use in FOOD PREPARATION, SERVING OR STORAGE AREAS. DO

NOT USE AS A SPACE SPRAY.

In meat or food processing plants apply only when plant is NOT in operation. Remove any exposed food, cooking utensils or food packaging materials and cover all food processing surfaces prior to spraying. After treatment, wash all surfaces that may contact food and rinse thoroughly with potable water before resuming operations. Do not use in rooms where milk is processed, handled or stored.

TOXICOLOGICAL INFORMATION: Chlorpyrifos is a cholinesterase inhibitor. Atropine is antidotal.

DISPOSAL: When empty, depress valve to release remaining pressure. Dispose of emptied container in accordance with provincial requirements. For information on disposal of unused, unwanted product contact the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean-up of spills.

NOTICE TO USER: This control product is to be used in accordance with directions of this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
