CARPET SANITIZING CONCENTRATE FOR EXTRACTION OR SPIN BONNET
CLEANING SANITIZING-DEODORIZING CLEANER "EFFECTIVE AS A
SANITIZING AGENT AGAINST ODOR CAUSING BACTERIA"
FOR HOSPITAL, INSTITUTIONAL AND INDUSTRIAL USE
Allstar Carpet CSD should be an integral part of any carpet
maintenance system. Routine application will not only clean the
carpets, but sanitize and deodorize for a clean, longer lasting
carpet. Allstar Carpet CSD is a low foaming carpet shampoo
formula for use with extraction and carpet steam cleaning
equipment. Allstar Carpet CSD contains "twin-chain" quaternary
ammonium compounds to reduce the growth of odor causing bacteria.
Allstar Carpet CSD is fortified to neutralize unpleasant odors.

Formulated for use on commercial washable synthetic fibers. (Not recommended for use on wool carpets). Allstar Carpet CSD effectively and economically lifts and removes greasy soil, resists resoiling, and utilizes "built-in" defoamers for more productive use. Allstar Carpet CSD is a balanced formulation combining true odor counteractants, a non-ionic synthetic detergent, a quaternary ammonium compound, organic chelating agents and synergizing builders...for effective carpet cleaning, sanitizing and counteracting of odors when used as directed.
