FIRST AID

IN EYES OR ON SKIN: Flush thoroughly with copious water and for eyes also seek immediate medical attention.

IF SWALLOWED: Immediately drink large volumes of milk, egg white or if not available use water. Seek immediate medical attention.

USAGE

30 ml Sanite 80 per litre gives 450 ppm germicide.

Where germ control is essential on floor, walls and fixture  
SANITE 80 kills odor causing bacteria, cleans, disinfects and

sanitizes the surface it contacts.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
