## **SUPER HUNTER, KILLS HORNETS, WASPS, BEES AND OTHER STINGING INSECTS.**

### **DIRECTIONS :**

Best results are obtained when applications are made in early morning or evening when insects are at rest. STAND WELL AWAY FROM NEST, then spray directly into opening in short 2-3 seconds blasts so that the spray contacts inside the nest entrance. If unable to locate nest, a heavy (residual) spray around and into the openings where insects gain entrance will eventually eliminate the pests. Insects hit by spray or having contacted the sprayed surface will die soon after.

### **PRECAUTIONS :KEEP OUT OF REACH OF CHILDREN.**

Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat, or store at temperatures over 50° C. Do not spray near open flame or spark. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. DO NOT USE ON HUMANS, PLANTS OR ANIMALS. DO NOT USE AS A SPACE SPRAY.

### **FIRST AID:**

Contains volatile petroleum distillate. If swallowed, do not induce vomiting. Call physician or poison control centre immediately. In case of contact with skin, wash with soap and water. If in eyes, flush with water for 15 minutes, get medical attention. Take container, label or product and Pest Control Product Registration Number with you when seeking medical attention.

### **TOXICOLOGICAL INFORMATION:**

Propoxur is a mild cholinesterase inhibitor. Atropine is antidotal.

### **DISPOSAL:**

When container is empty, press button to release all pressure then dispose in household garbage. Do not puncture or incinerate.
