PRECAUTIONS:

KEEP OUT OF CHILDREN. Corrosive to skin and eyes. Do not get in eyes, on skin or on clothing. May cause skin sensitization. The concentrate may be harmful if inhaled. Do not inhale mists. Use only in well-ventilated area. Harmful if swallowed. When handling the concentrate, wear full face protection, long sleeve shirt, long pants, chemical gloves and boots. Remove contaminated clothing and footwear. Wear chemical resistant

aprons or overalls when pouring concentrate.

FIRST AID INSTRUCTIONS

If splashed on skin, wash thoroughly with soap and water. If splashed in eyes, wash eyes immediately with copious amounts of water and secure immediate medical attention.

INHALATION FIRST AID: If inhaled: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Call a physician.

TOXICOLOGICAL INFORMATION:

This product contains 20% isodecanol, an ingredient found on the US EPA list 2. This ingredient has been determined to be of toxicological concern.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and wildlife and should not be discharged where it will drain into lakes, streams, ponds or public water. Do not discharge effluent containing this product into sewer systems.

DISPOSAL

- 1) Rinse the emptied container thoroughly and add the rinsings to treatment site.
- 2) Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
- 3) Make the empty container unsuitable for further use.
- 4) Dispose of the container in accordance with provincial requirements.
- 5) For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the manufacturer.

DIRECTIONS FOR USE

A level of 0.6% VINYZENE based on total weight of plastisol, will give excellent control against bacteria and mold organisms. This level is recommended for shower curtains, wall coverings and similar non-food contact items. For vinyl items subjected to extended outdoor weathering, a level of up to 1% vinyzene BP-5-5 may be based on total weight of the plastisol, eg., vinyl tarps for outdoor storage, etc.

NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offense under the pest control products act to use a control product under unsafe

conditions.

NOTICE TO BUYER

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
