DIRECTIONS FOR USE: To be used in the manufacture of insecticides which are registered under the Pest Control Products Act. This product is designed for use at the rate of 3.00% (wt.) to produce a pressurized insecticidal spray. Read technical bulletin for formulation details.

PRECAUTIONS: Harmful if swallowed. Avoid contact with skin and eyes. Avoid breathing vapors. Avoid contamination of food or feedstuffs.

This product is toxic to fish and other aquatic animals. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: If swallowed, do not induce vomiting because of aspiration hazard. In case of contact with eyes or skin, immediately flush with plenty of water. Get medical attention if irritation persists.

DISPOSAL & DECONTAMINATION: Rinse the empty container thoroughly and add the rinsings to the formulation tank. Follow provincial instructions for any required additional cleaning of the container prior to reuse or disposal. If required, make the container unsuitable for further use and dispose of in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of the Environmental Protection Service, Environment Canada.

STORAGE: Keep container closed. Mix well in drum before sampling and each use. Store in a cool place. Do not store, pour or spill near heat or open flame.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
