20kg (44.1 lb)

This Simplicity Plus® Scoopable Cat Litter contains a special ANTI-BACTERIAL agent which fights germs for an even cleaner litter box.

- 100% bentonite clay for faster & firmer clumping action
- More economical - lasts 4 times as long as conventional litter
- Convenient to use, minimum tracking & special low dust formula
- Cat friendly & environmentally friendly

DIRECTIONS FOR USE:

1. Fill a clean litter box with 8 to 10 cm (3-4 inches) of **Simplicity Plus® Extra Strength ANTI-BACTERIAL Cat Litter**. Do not mix with other litters. No liner is required.
2. Granules rapidly absorb urine, clumping it into a solid ball so it doesn't seep to the bottom of the litter box. Daily, sift through the litter box with a slotted scoop and scoop out the clumped balls and solid waste. Remaining granules are clean and fresh, and need not be discarded.
DO NOT FLUSH LITTER DOWN THE TOILET OR SEPTIC TANK SYSTEM.
3. Refill litter box with **Simplicity Plus® Extra Strength ANTI-BACTERIAL** granules to maintain 8 to 10 cm (3 to 4 inches) depth.

CAUTIONS: Always wash hands thoroughly after preparing or cleaning the litter box. As with any situation involving animal waste, pregnant and nursing women should exercise caution and consult with a physician before handling a litter box.

Simplicity Plus® Original Extra Strength Scoopable Cat Litter with ANTI-BACTERIAL is non-toxic.

INGREDIENTS: Natural Clay, Anti-Bacterial Agent

STORAGE: Store in a dry place.
