A highly concentrated cleaner, disinfectant and deodorant for hospital and industrial use. Cleans and disinfects effectively and economically in one operation. Leaves the entire area with a clean, fresh fragrance. Virucide when used as directed. Reduces the hazard of cross-infection from environmental surfaces.

NOTICE TO USER - This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

USE DIRECTIONS

Add 4mL per litre of water. Apply properly diluted product to walls, floors and other hard surfaces such as tables, chairs, and bed frames with a cloth or mop. For heavily soiled areas, a preliminary cleansing may be required.

At 4ml per litre use level, this product is effective against *Pseudomonas aeruginosa*, *Staphylococcus aureus*, *Salmonella choleraesuis*, and *Trychophyton interdigitale*, the athlete's foot fungus. Germicidal performance against the first three organisms has been confirmed by the AOAC Use-Dilution test. Fungicidal performance against *T. interdigitale* was determined by the AOAC Fungicidal test.

The broad spectrum effectiveness of this product is shown by its germicidal action against the following additional organisms:

<i>Escherichia coli</i>	<i>Salmonella schottmuelleri</i>
<i>Klebsiella Pneumoniae</i>	<i>Streptococcus faecalis</i>
<i>Aerobacter aerogenes</i> (enterobacter)	<i>Shigella dysenteriae</i>
	<i>Brevibacterium ammoniagenes</i>

At 4mL per litre use level, this product is virucidal against Herpes Simplex (a member of the virus family that causes infectious mononucleosis), Vaccinia (representative of the pox viruses), and influenza A2 (the Hong Kong flu virus), on inanimate environmental surfaces.

Rince empty container with water before discarding.

Corrosive. Causes severe eye and skin damage. Do not get in eyes, or skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
