Brantford, ON N3R 7J1

DIRECTIONS FOR USE:

LAWNS - To control creeping buttercup, Dandelion (fall), Plantain, spotted catsear, and Horsetail, mix 45 - 90 mL of M.C.P.A AMINE 400 into 12 - 15 L of water and spray evenly on 100 m² of lawn. A watering can may be used for this rate of application. repeat as required. For best results, spray in early fall and late spring when the weather promotes active weed growth. Use with caution during long, hot, dry spells. Do not cut the grass for 4 days before or after spraying. Spray on warm, calm days at low pressure to avoid drift.

AVOID SPRAYING if rain is expected shortly. DO NOT WATER THE LAWN within 24 hours of application. Do not use on newly seeded lawns until the grass has been cut three times. Do not use treated grass clippings as a mulch on susceptible plants.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid contact with eyes, skin and clothing. Wash hands after use. Do not use the same sprayer or watering can for other agricultural purposes. Do not store near food, feed, fertilizers, insecticides or fungicides. Do not contaminate streams, lakes or ponds. do not allow spray to contact plants other than those specifically being sprayed. M.C.P.A. can cause damage if it comes into contact with susceptible plants such as flowers, vegetables, fruit trees, etc.

FIRST AID: Call a doctor in the case of an accidental poisoning. **If swallowed**, induce vomiting.

IF ON SKIN OR IN EYES, FLUSH WITH PLENTY OF WATER.

Take container, label or product name and Registration Number with you when seeking medical attention.

DISPOSAL: Do not reuse empty container. Wrap container and discard in household garbage.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
