PEST CONTROL PRODUCTS ACT

READ THE LABEL BEFORE USING

NET

Label No. 184 rev. 98/03/22

TO PREVENT ALGAE, SLIME AND FUNGI IN COOLING WATER.

**DIRECTIONS FOR USE:**

Prior to use of FORMULA 3473 in water cooling towers, systems should be cleaned to remove algae growth, microbiological slime and other deposits. Then make an initial slug addition of 4.5 litres to 7.0 litres of FORMULA 3473 per 10,000 litres of water in the system. Repeat initial dosage until control is evident.

Make subsequent slug additions of 2.4 litres to 4.5 litres of FORMULA 3473 per 10,000 litres of water every 7 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling towers.

**PRECAUTIONS:** This formula may cause severe skin irritation or damage to eyes. Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wear suitable eye protection and protective gloves when handling. Do **NOT** reuse empty container. Keep container closed when not in use.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters. Do not contaminate water by cleaning of equipment or disposal of wastes.

**DISPOSAL:** 1. Rinse the empty container thoroughly and add the rinsings to treatment site. 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning. 3. Dispose of the container in accordance with provincial requirements. 4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Environment Canada. 5. For small spills, recover free liquid. Soak up residue with solids absorbent. **DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS ABOVE.**

**FIRST AID INSTRUCTIONS: IF IN EYES:** Immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention. **IF ON SKIN:** Wash with plenty of soap and water. Get medical attention. **IF SWALLOWED: DO NOT INDUCE VOMITING.** Give at least two glasses of milk, egg whites, gelatin solution or if these are unavailable, drink large quantities of water. Seek medical attention with urgency or contact Poison Control Centre. Remove contaminated clothing and wash before reuse.

**NOTICE TO USER:**

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
