Formulations made from this manufacturers concentrate containing the diethanolamine salt of 2,4-dichlorophenoxyacetic acid may have different properties and uses. Manufacturers and formulators should develop their own use and precautionary labelling based on the intended uses and properties of their own finished formulations and in accordance with all pertinent laws and regulations.

USE PRECAUTIONS

Do not contaminate water by cleaning of equipment or disposal of wastes. Do not contaminate water used for irrigation of domestic purposes. Do not store near fertilizers, seeds, insecticides or fungicides. Thoroughly clean equipment used with this product with a suitable chemical cleaner before use for other purposes. Do not reuse empty container until it has been professionally and thoroughly cleaned and reconditioned. Dispose of unusable empty containers by punching holes in them and burying with wastes in non-cropland away from water supplies or follow official local recommendations for container disposal.

For spills (use appropriate safety equipment): Absorb spill in inert material such as sand or sawdust. Dike area in case of large spills. Do not clean up with water.

Disposal Method: Bury in non-crop areas away from water supplies. For large spills, contact Dow Chemical Canada Inc. at 519-339-3711.

If involved in fire use water fog, foam, CO2, dry chemical. If fighting fire use pressure demand self-contained air supply. Noxious fumes may be produced under fire conditions. Contain water from fire fighting to prevent entry to water supplies.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the PEST CONTROL PRODUCTS ACT to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
