5105 TOMKEN ROAD
MISSISSAUGA, ONTARIO L4W 2X5

DIRECTIONS FOR USE

RECIRCULATING COOLING WATER SYSTEMS. When used as directed,
9115 effectively controls algal, bacterial and fungal slimes
in commercial and industrial cooling towers; influent water
systems such as flow through filters and lagoons; heat
exchange water systems, industrial water scrubbing systems;

brewery pasteurizers; and industrial air washing systems equipped with a mist eliminator.

DOSAGE RATES: Initial Dose. When system is noticeably fouled, add 0.25-0.75 kg/10,000 L of water contained in the system. Repeat initial dosage until at least 1 mg/L bromine residual is established for at least 4 hours. Subsequent Dose. When microbial control is evident, add 0.1-0.4 kg/10,000 L of water contained in the system. Repeat as needed to maintain at least 1 mg/L bromine residual in the water for at least 4 hours.

FIRST AID INSTRUCTIONS: If swallowed, feed bread soaked in milk, followed by olive oil or cooking oil. Seek medical attention immediately. In case of skin contact, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation develops, seek medical attention. In case of eye contact, flush eyes with cold water for at least 15 minutes. Seek medical attention promptly.

PRECAUTIONS: Causes eye and skin damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse. This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waters. Strong oxidizing agent. Mix only with water. Use clean dry utensils and equipment. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire and explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, hazardous gases and possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. If necessary, flood with large volumes of water.

STORAGE AND DISPOSAL

STORAGE: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat, open flames, organic chemicals and sunlight. Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the

- rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of container prior to its disposal or reconditioning.
 3. Dispose of container in accordance with provincial requirements.
 4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Environment Canada.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
