COMMERCIAL GERMICIDAL CLEANER

RISK PHRASES: CAUTION: Corrosive, Poisonous, Avoid Contact with skin, eyes, and clothing. Keep out of reach of children. Harmful if swallowed.

PRECAUTIONARY MEASURES: Wear goggles or face shield and rubber gloves when handling. Do not contaminate water, food, or feed by storage or disposal. If disinfecting food contact surfaces, rinse well with potable water.

FIRST AID TREATMENT: In case of contact with skin immediately wash with soap & water. If irritation persists, call a physician. In case of contact with eyes flush with plenty of water for at least 15 minutes and call a physician. If swallowed, drink large amounts of milk or water and call a physician or poison control centre immediately. Do not induce vomiting. Measures against circulatory shock respiratory depression and convulsion may be needed.

HOME Germicidal Cleaner detergent/disinfectant has been designed specifically for hospitals, offices, motels, nursing homes, schools, food processing plants and other institutions where housekeeping is of prime importance.

DIRECTIONS: To disinfect hard inanimate surfaces such as walls, table tops, apply solution with mop, cloth, or sponge so as to wet thoroughly. Allow to remain wet for 10 minutes and then let air dry. At 35 mL per litre dilution, Home Germicidal Cleaner exhibits disinfectant activity against the organisms Salmonella Choleraesuis, Staphylococcus aureus, and Escherichia coli.

For heavily soiled areas, a pre-cleaning step is required. If disinfecting food contact surfaces, rinse well with potable water. Prepare a fresh solution for each use.

HOSPITAL DISINFECTION: At 50 mL per litre dilution Home Germicidal Cleaner is an effective hospital disinfectant against Pseudomonas aeruginosa.

MILDEWSTAT: To control mold and mildew on pre-cleaned, hard non-porous surfaces (such as floors, walls, table tops) add 25 mL Home Germicidal Cleaner per litre of water. Apply solution with a cloth, mop, or sponge making sure to wet all surfaces completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

SANITIZATION: To sanitize previously cleaned and rinsed non-porous food contact surfaces, add 13 mL Home Germicidal Cleaner per litre of water.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

KEEP OUT OF REACH OF CHILDREN
AVOID CONTACT WITH SKIN, EYES, AND CLOTHING
