DISVAP V-NA

DISVAP V.N.A. provides a quick kill action and a residual insecticidal activity against stable flies, house flies, mosquitoes and gnats.

DIRECTIONS: WALL SPRAY: In hog, dairy and beef barns, milking parlours, milk rooms, dairies and poultry houses. To control house flies, stable flies, mosquitoes and gnats. Reduce air movement in the area to be treated by closing doors, windows and ventilators. Turn off all possible sources of ignition in areas to be treated. Using an electric fogger or similar mist applicator, apply at a rate of 4L per 100 m² of surface. Spray all inside surfaces of the barn including walls, ceiling and beams. Sweep up dead insects. Repeat as necessary with additional spraying of breeding areas. Spray only when temperature is under 32°C.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Not for use on humans and animals. Harmful if swallowed. Avoid contact with skin, eyes and clothing, and avoid inhalation of spray. Do not use as a space spray. Keep container closed. Wash after use. Any treated surface that may contact food or feed products should be washed thoroughly with potable water after spraying and before use. Do not contaminate water troughs. Do not contaminate or store with feed or food stuffs, milk or milk-handling equipment. Cover milk and milk utensils to prevent contamination from spray and dead insects. Do not use in areas where beekeeping equipment or supplies are stored. Product toxic to fish. Do not contaminate any body of water.

STORAGE: Do not expose to temperature below 0°C.

DISPOSAL: Follow provincial instructions for any required cleaning of the container prior to its disposal. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environmental Protection, Environment Canada.

FIRST AID: If on skin, wash thoroughly with soap and water. If in eyes, flush with clear water for 15 minutes: get medical attention. If accidentally swallowed, DO NOT induce vomiting and obtain medical attention immediately.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

LIMITATION OF WARRANTY: Seller's guarantee shall be limited to

the terms set out on the label and subject thereto the buyer assumes the risks to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
