**KEEP OUT OF REACH OF CHILDREN**

**DO NOT get in eyes, may irritate the skin, potential skin  
sensitizer**

This fabric has been treated with copper (cupric hydroxide).  
Those handling the treated fabric must wear personal  
protective equipment including a long-sleeved shirt, long  
pants, chemical resistant gloves and protective eyewear at all  
times. If there is dust contamination in the air as a result  
of cutting and sewing the fabric. Respiratory protection must

be worn.

Use a dust removal suction system when cutting.

Wash hands after use.

#### **FIRST AID**

Skin irritation: wash with plenty of water and soap.

Eye contact: hold eyelids open and flush with water until no evidence of chemical remains (at least 15 minutes) Get medical attention.

In case of accidental poisoning, get medical attention or contact a poison control centre IMMEDIATELY.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

#### **DISPOSAL**

Fabrics trims from cutting or sewing have to be disposed according to provincial rules either in a landfill accepting solid waste or an incinerator.

This product contains copper, which is toxic to fish and aquatic organisms. Do not dispose of any portions of this product into water bodies such as lakes, streams, ponds, rivers, estuaries, oceans and other water bodies.

#### **NOTICE TO USER**

This control pest product is to be used only in accordance with the directions on this label. It is an offense under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to

persons or property that arises from any such use of this product
