**Grow'n'Care™ Mite Killer Spray**

**READY - TO - USE**

EASY AS **1** Remove Cap    **2** Direct Nozzle    **3** Spray

**WILL NOT KILL BENEFICIAL INSECTS**

Mites are tiny pests that live mainly on undersides of leaves. They cause leaves to turn yellow or have mottled appearance.

**DIRECTIONS FOR USE: SHAKE WELL BEFORE USING.** Spray both upper and lower surface of leaves. Apply when mites first appear. Do not spray in direct sunlight or when the temperature is over 30°C.

**HOUSEPLANTS:** Controls mites on African Violet, Boston and Bracken ferns, Chrysanthemum, Fuchsia, Gardenia, Ornamental Citrus, Philodendron and Rubber plants.

**FLOWERS AND ORNAMENTALS:** Spray thoroughly to control European red mites. Spruce mites, and other common mites on houseplants and outdoor plants. Note: Do not use on sensitive plants such as Boston Ivy, Cyclamen, Nasturtium, and Virginia creeper, or on delicate new growth.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Avoid contact with skin, eyes and clothing. Use only with adequate ventilation. Remove birds and fish from the room while spraying. Avoid spraying asphalt tile, furniture and plastics. Do not store near food or feed. Do not freeze.

**DISPOSAL:** Empty container may be disposed of with household garbage.

**FIRST AID:** If accidentally swallowed, take IPECAC to induce vomiting until the vomit fluid is clear. If in eyes, flush with clean running water for 15 minutes and call a physician.

**TOXICOLOGICAL INFORMATION:** Water and alcohol are used as diluents.

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
