**DIRECTIONS FOR USE:**

For indoor use only for the manufacture of custom blended planting mixes for export from Canada.

Blend ingredients thoroughly at a rate of 0.6 to 0.9 kilograms per cubic metre of loose mix. All mixing must be conducted in an enclosed facility. Finished material must either be packaged or placed in a covered container during shipment.

**PRECAUTIONS:** Avoid contact with skin or eyes. Avoid breathing dust.

Applicators and other handlers must wear: a) long sleeved shirt and long pants; b) shoes plus socks; c) when dumping or opening bags, or other operations where dusts may be created, wear goggles and dust mask (MSHA/NIOSH TC-21 C) for biological products. Follow manufacturer's directions for cleaning /maintaining PPE. If no such instructions for washables, use

detergent and hot water. Keep and wash PPE separately from other laundry.

Users should: Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

ENVIRONMENTAL HAZARDS:

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water.

FIRST AID: In case of contact, flush eyes with plenty of water. Get medical attention if irritation persists.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: Store in a cool dry place. Do not expose to temperatures above 27 degrees Celsius for prolonged periods. Keep container tightly closed when not in use.

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the provincial regulatory agency.

NOTICE TO USER: This product is to be used only in accordance with the directions on this label. It is an offense, under the Pest Control Products Act to use a control product under unsafe conditions.
