Trees, shrubs and bushes are injured by passing vehicles, wind, falling objects and vandalism. Such wounds, abrasions and also larger pruning cuts require prompt treatment to prevent infection.

**Later's Pruning Paint Spray** is specifically formulated to act as a protective coating against moisture, woodrot disease and wood-boring insects. Used as directed it is a fast, easy and effective sealing compound, offering excellent protection for trees, roses, evergreens, shrubs after pruning and grafting. Also effective as a moisture barrier in planters, pots, etc.

**DIRECTIONS FOR USE:** Trim rough edges of cuts before application. Remove larger limbs at the trunk. Shake can well. Hold can upright. Point valve toward surface to be sprayed 30 cm away. Spray entire surface uniformly. Avoid over spray. Staining will occur.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Harmful if swallowed. Avoid breathing vapor and contact with skin or eyes. Exposure may results in irritation of eyes or lungs. Contents under pressure. Do not place in water or near radiators, stoves or other sources of heat, or store at temperatures over 50<sup>o</sup> C. Do not use in presence of open flame or spark. Use in well ventilated area.

**FIRST AID:** If symptoms occur, move to fresh air. If symptoms persist, see a doctor or contact poison control centre. Take container, label or product name and PCP Reg. No. with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**DISPOSAL:** When container is empty, press valve to release all remaining pressure. Do not puncture or incinerate. Wrap container and discard in household garbage.

**NOTICE TO BUYER:** Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the handling of this product and accepts the product on that condition.
