NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

## INDUSTRIAL

### DIRECTIONS FOR USE

#### COOLING TOWER SYSTEMS

Prior to use in water cooling towers, systems should be cleaned to remove algal growth, microbiological slime, and other deposits. Then make an initial slug addition of 800 to 1200 mls per 10,000 litres of water in the system. Repeat initial dosage until control is evident. Make subsequent slug additions of 400 to 1200 mls per 10,000 litres of water every 1 to 5 days. Frequency addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling towers.

#### INDUSTRIAL AIR WASHING SYSTEMS

Prior to use in air washers systems should be cleaned to remove Algal growth microbiological slime, and other deposits. Then make an initial slug addition of 200 to 250 mls per 1,000 litres of water in the system. Repeat initial dosage until control is evident. Make subsequent slug additions of 100 to 250 mls per 1,000 litres of water every 1 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump or to the water collector trays.

For use only in system equipped with effective mist eliminating components.

#### PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN

Causes eye damage and skin irritation. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Avoid contamination of food. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water, food, or

feed by storage or disposal. Do not reuse empty container. Pesticide waste that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

FIRST AID: In case of skin contact wash with plenty of soap and water. Remove contaminated clothing and wash before reuse. If product gets in the eyes, flush immediately with copious amounts of clean, cool water for at least 15 minutes. Get medical attention immediately. If product is swallowed promptly drink 1 or 2 glasses of water. Contact a physician or Poison Control Center immediately. DO NOT INDUCE VOMITING.

TOXICOLOGY: Note to physician: Probable mucosal damage following ingestion may contribute gastric lavage.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of used, unwanted product and the cleanup of spills, contact regional office of Conservation & Protection service, Environment Canada.
5. For small spills. Recover free liquid. Soak up residue with inert absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.
