G.H. WOOD + WYANT INC. 1475 32nd Ave. Lachine, Quebec H8T 3J1 1-800-361-7691 For use on all water-washable, nonporous surfaces in Hospitals, Nursing Homes, Health Care Institutions, Animal Clinics, Schools, Hotels, Motels and Commercial Buildings.

DYNAKIL SQ has been found effective against Gram-positive and Gram-negative bacteria (including Pseudomonas aeruginosa) when used as directed. Proven effective against viruses such as Adenovirus Type 3, Herpes simplex Type 1, Influenza A2 (Hong Kong) and Vaccinia.

Disinfects and cleans non-porous surfaces, counteracts many decomposition odours caused by bacterial action...contains no fragrance or perfume. PH virtually neutral...compatible with sensitive surfaces.

## **DIRECTIONS:**

To clean and disinfect by wet mopping, damp mopping or scrubbing procedures, use a solution of  $4~\mathrm{mL/L}~(1:250)$ .

For heavily soiled areas, use a solution of 8 mL/L (1:125) or repeat application of 4 mL/L (1:250) solution to precleaned surface.

For disinfection of Pseudomonas infected areas in hospitals, use a solution of 8  $\mathrm{mL/L}$  (1:125).

NOTE: To ensure disinfection, allow 10 minutes wet contact time.

IN FOOD PROCESSING PLANTS: Preflush surfaces with cold water. For sanitizing use 2 mL/L (1:500) in water up to 200 ppm hardness and 4 mL/L (1:250) in water up to 400 ppm hardness. Rinse food contact surfaces with potable after treatment.

DYNAKIL SQ is effective as a virucide against the Human Immunodeficiency Virus (HIV) on hard, nonporous surfaces in the presence of moderate amounts of organic soil (5 % blood serum) when used in health care settings where the potential for the presence of HIV-1 on inanimate surfaces is likely.

Personal Protection: On handling items soiled with blood or body fluids wear personal protection such as disposable gloves, gowns, or eye protection.

Cleaning Procedures: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of germicidal solution.

Directions: Prepare an accurate dilution of 6 mL/L in hot or cold water. Apply solution with clean wet mop, sponge or cloth. Allow

10 minutes wet contact time. Remove solution & suspended soil with clean wet mop, sponge, cloth or wet vacuum.

Disposal of Infectious Materials: Blood/Body Fluids should be autoclaved and disposed of according to local regulations for infectious waste material.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN:

CAUTION: MAY BE HARMFUL IF INGESTED, CORROSIVE TO EYES AND SKIN. POTENTIAL SKIN SENSITIZER. Do not ingest. Do not get in eyes, on skin or clothing. Wear chemical goggles and rubber gloves when handling concentrate. Avoid contamination of food. Do not store in food processing or food storage areas.

## FIRST AID:

IF INGESTED: DO NOT INDUCE VOMITING. Rinse mouth immediately, then drink 1 or 2 glasses of cold water or milk. Contact a physician or Poison Control Centre immediately.

IF SPLASHED IN EYES: Immediately flush for 15 minutes with cool potable water holding eyelids apart to ensure rinsing of entire eye. Remove contact lenses. Contact a physician if irritation persists.

IF SPLASHED ON SKIN: Wash affected area with soap and water. Contact a physician if irritation or discomfort persists.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

## DISPOSAL:

- 1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
- 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
- 3. Dispose of the container in accordance with provincial requirements.
- 4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the Provincial/Territorial Regulatory Agency or the Manufacturer.

## NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

KEEP FROM FREEZING.
