C-I-L Soil and Lawn Insect Dust is an effective insecticide for lawns, soil, ornamentals, vegetables and houseplants.

DIRECTIONS

2.4 g = 1 teaspoon

VEGETABLES: For control of cutworms apply if damage is expected. Use on broccoli, Brussels sprouts, cabbage, Chinese cabbage, cauliflower, carrots, celery, cucumbers, green peppers, onions, potatoes, sweet corn and tomatoes. Apply dust to soil around plant at a rate of 70 g per 10 m of row. Do not use on green bunching onions. For control of potato flea beetle and tarnished plant bug on potatoes apply dust to plant at a rate of 35 g per 10 m of row. Repeat weekly as needed. Do not make more than nine applications during one season.

Crop	Days to wait between last application and harvest
------	---------------------------------------------------

Broccoli	32
Brussels sprouts	32
Cabbage	32
Carrots	60
Chinese cabbage	32
Cauliflower	32
Celery	70
Cucumbers	60
Green peppers	40
Onions	60
Potatoes	7
Sweet Corn	70
Tomatoes	70

LAWNS: To control White Grubs and the grubs of the European Chafer and Japanese Beetle, apply 425 g per 10 m<sup>2</sup>. Apply in late July or August when grubs are small and are feeding on the grass roots just below the soil surface. Immediately after dusting, water the lawn thoroughly. To control Chinch Bugs and Ants, apply 225 g per 10 m<sup>2</sup> of lawn at the first sign of damage and repeat as required. Water thoroughly and keep off until dry. Treat ant nest & trails.

ORNAMENTAL PLANTS & SHRUBS: Soil Treatment - To control Ants, Crickets, Earwigs, Sowbugs, Spiders, Cutworms, White Grubs, European Chafer Larvae, and Japanese Beetle Larvae. Dust turf or soil around plants to give good coverage. Apply 425 g per 10 m<sup>2</sup>. Make no more than 2 applications per season.

ORNAMENTAL SHRUBS: Foliar treatment - To control Aphids, Mites, Scales, Spittlebugs, Thrips and Whiteflies, dust plant lightly to give uniform coverage of upper and lower surfaces of leaves.

HOUSE PLANTS: If possible remove plants outside for treatment. For soil insects, apply dust lightly to soil around plant. For foliar insects, thoroughly cover leaf surfaces. Repeat as needed - no more than once every 2 months.

NOTE: DO NOT USE ON ROSES, AZALEAS, CAMELLIAS, POINTSETTIAS, GERANIUMS, OXALIS, COLEUS OR VARIEGATED IVY.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid inhaling dust or contact with eyes, skin or clothing. May cause irritation to eyes or skin. Wash thoroughly after use. Avoid contamination of food, feed, utensils, drinking water or any body of water. Wash contaminated floor surfaces, utensils and clothing with soap and water. Keep children and pets off dusted lawn areas until

watered and dry. This product is toxic to fish and crustaceans.

DISPOSAL: Dispose of empty container in household garbage. Do not reuse container.

FIRST AID: If swallowed, induce vomiting by giving patient 1 or 2 glasses of water and inserting finger down throat. Do not give anything by mouth to an unconscious person. Obtain medical attention. If on skin, wash with soap and water. If in eyes, flush with water and obtain medical attention.

TOXICOLOGY: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine by injection only is an antidote.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out in the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
