DIRECTIONS: SHAKE WELL BEFORE USING. Hold can upright while spraying. TO KILL HOUSE PESTS: Flying insects: Flies, Mosquitoes, Wasps, Gnats and Flying Moths. Close doors and windows. Direct mist upwards in sweeping motion to all parts of

the room, especially windows and other light sources. Apply a 6 to 10 second burst per 30m³ of space. Whenever possible, keep doors and windows closed for 15 minutes after each treatment. Also direct mist into areas where insects are present. Keep spray at least 1 metre from interior walls, fabrics and furniture. Vacate treated area and ventilate room well after treatment. Crawling Insects: Cockroaches, Spiders, Crickets, Ants, Carpet Beetles, Centipedes and Silverfish. Spray hiding places such as baseboards, moist areas, openings around sinks, drains and pipes, behind cabinets and storage areas. Spray ant trails, around door sills, window frames, or in ant nests. Insects must be hit to be killed. Bed Bugs: Spray mattresses, particularly around seams and tufts. Take beds apart, spray all joints. Repeat as required. Fleas: Spray sleeping quarters or pets. Change bedding if necessary. TO KILL GARDEN PESTS ON FLOWERS AND ORNAMENTALS: Sucking Insects: Exposed Thrips, Leafhoppers, Spotted Mites, Lace Bugs, Aphids. Chewing Insects: Caterpillars, Climbing Cutworms, Japanese Beetles. For insects on Asters, Azaleas, Begonias, Chrysanthemums, Dahlias, Delphiniums, Gladioli, Irises, Marigolds, Petunias, Roses, Snapdragons, Evergreens, small Deciduous Trees, Shrubs and Vines. Carefully spray with slow sweeping motion keeping 30 to 45 cm away from the plants to avoid wetting the foliage. A light spray kills pests effectively. Spray only when air is still and temperature is under 32°C. Do not spray in direct sunlight. Early morning or evening is preferred. Use with caution on young plants and new growth. Insects must be contacted by spray to be killed.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 50°C. Cover fish bowls and remove pets for one hour when spraying rooms. In homes or dwellings, remove or cover all exposed foods and cooking utensils before spraying. Avoid contact with skin, eyes and clothing. Avoid inhalation of spray. Wash after using. Keep from freezing. Do not use on Maidenhair Ferns. Do not use on vegetable or fruit crops.

FIRST AID: In case of contact with eyes or skin, flush with water. If irritation persists, obtain medical attention. If accidentally swallowed, obtain medical attention at once.

DISPOSAL: When container is empty, press button to release all remaining pressure. Wrap and dispose of empty container in

household garbage.
