NUFARM AGRICULTURE
5507 FIRST STREET SE
CALGARY, AB T2H 1H9

Manufactured by
BASF Aktiengesellschaft
D-6700 Ludwigshafen
Germany

BASF MCPA-DMA is registered for manufacturing purposes only. Formulations made from this manufacturing use product may have different properties and uses. Therefore, formulators and manufacturers should develop their own use and precautionary labelling based on their own finished formulated products, and in accordance with all pertinent laws and regulations.

DIRECTIONS FOR USE:

To be used only in the manufacture of a herbicide which is registered under the PEST CONTROL PRODUCTS ACT. Read the Technical Bulletin for formulation details.

RESTRICTIONS AND LIMITATIONS:

Do not apply directly as is to crops.

PRECAUTIONS:

1. Keep out of reach of unauthorized personnel.
2. Do not take internally. Harmful if swallowed.
3. Do not inhale vapours. Causes eye, skin and respiratory irritation. Avoid contact with eyes, skin and clothing.
4. Wash well after handling and before eating, drinking or smoking.
5. Wear protective equipment and clothing, including goggles or face shield, gloves (rubber, PVC, neoprene or nitrile), hat, long-sleeved shirt, trousers and rubber boots.
6. If clothing becomes contaminated, remove and wash separate from household laundry before reuse.

FIRST AID INSTRUCTIONS:

IN CASE OF EYE CONTACT:

Flush eyes immediately with clean water for at least 15 minutes and consult a physician if irritation develops or contact a poison control centre.

IN CASE OF SKIN CONTACT:

Wash thoroughly with soap and water and rinse well with water for 15 minutes. Consult a physician if irritation develops or contact a poison control centre.

IF SWALLOWED:

Give water or milk. DO NOT INDUCE VOMITING. Consult a physician immediately or contact a poison control centre.

IF INHALED:

Remove person to fresh air. Assist breathing if necessary. Consult a physician immediately or contact a poison control centre.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

STORAGE:

1. Keep in original, tightly-closed container.
2. Store in cool, dry, well-ventilated area without floor drain. Do not ship or store near food, feed, seed, fertilizers or other pesticides.
3. Protect from moisture and temperatures above 40'C.

DECONTAMINATION:

1. For spills, wear appropriate safety equipment. Absorb spilled product with inert substance such as sawdust or sand. Wash spill area with a detergent solution.
2. Do not contaminate irrigation water, lakes, streams or ponds by cleaning of equipment or disposal of wastes.
3. If involved in fire, use water fog, foam, CO2 or dry chemical extinguishing media. Noxious fumes may be produced under fire conditions; wear self-contained breathing apparatus. Prevent water used in fire fighting from entering public water supplies.

DISPOSAL:

Canadian formulators should dispose of unwanted product and containers in accordance with municipal or provincial regulations. For additional information and clean up of spills, contact the Provincial Regulatory Agency or the manufacturer.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the PEST CONTROL PRODUCTS ACT to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product, and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
