MANUFACTURED BY

VAN WATERS & ROGERS LTD.

P.O. Box 2009, Vancouver, B.C., V6B 3R2
Edmonton, Calgary, Winnipeg

SPECIFIC RECOMMENDATIONS FOR FORESTRY USE
FRILL OR HACK AND SQUIRT TREATMENT

Concentration to apply: The following dilutions have been effective: 2 parts water to 1 part Silvamine 500 1 part water to 1 part Silvamine 500 With full strength being optimum for trees greater than 15 cm D.B.H. Directions: For trees smaller than 15 cm. D.B.H. make one notch for each 3 cm. of diameter. Inject 1 mL of solution into each notch. For trees over 15 cm D.B.H. make a complete frill by chopping into the tree.

STUMP TREATMENT: Concentration to apply: Use full strength Silvamine 500 on stumps from trees having 2-25 cm D.B.H. Directions: Ensure complete coverage to cambial area.

SPECIES CONTROLLED: The above treatments control Alder and

Willow species.

PRECAUTIONS:

Keep out of the reach of children. Keep in original container during storage. Destroy empty container. Do not allow spray mist to contact plants other than those being sprayed. If 2,4-D susceptible plants are growing within a distance of 400 metres from the areas being sprayed spray only when there is a light breeze away from the susceptible crops including grapes, tomatoes, tobacco, sugar beets, sunflower, beans, turnips, cauliflower and cabbage, as well as many other field vegetable, ornamental and fruit crops. Do not contaminate streams, lakes, ponds, irrigation water, water used for livestock or for domestic purposes. Do not store open container near seeds and weed killers other than those containing 2,4-D or brush killers. Sprayers which have contained 2, 4-D should not be used to apply other pesticides to 2, 4-D susceptible crops.

WARNING:

Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing and shoes before re-use.

FIRST AID:

In case of contact flush eyes with plenty of water for at least 15 minutes and get medical attention. Wash skin with soap and plenty of water.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the spray mixture in the tank.
2. Follow provincial instructions for any required additional cleaning of the container prior to disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of the Environmental Protection Service, Environment Canada.
