2626 Argentia Road  
Mississauga ON L5N 5N2**

## DIRECTIONS FOR USE

### FOR THE PRESERVATION OF CLAY SLURRIES, ADHESIVES, COATINGS AND HIGH VISCOSITY SUSPENSIONS

For preservation of slurries and high viscosity suspensions, LPM 8211 should be added at a point in the processing system where there will be sufficient time and agitation for good mixing and dispersion. Add LPM 8211 at use levels of 0.04-0.40%, by weight, based on the total formulation in slurries of starch, clay, calcium carbonate or titanium dioxide; paper coatings; high viscosity suspensions (e.g. polymers; silica-polymer combinations); polyvinyl alcohol/polyvinyl acetate based adhesives; starch based adhesives; dextrin based adhesives. The exact amount of material to be added for the preservation of any given formulation will depend on the components and local storage conditions. Dosage rates should be determined by actual tests.

### PAPER MILL SLIME CONTROL

For the control of slime-forming and/or spoilage bacteria, LPM 8211 is added at a point in the system (raw stock chest; beater and/or refiner chest or machine chest-wire pit) where it will be uniformly mixed. Application may be continuous or intermittent for a certain number of hours/day or per shift, depending upon system characteristics. Add 160 to 650 ml of LPM 8211 per metric ton of paper produced.

**INTERMITTENT FEED METHOD:** Apply 390 to 650 ml of LPM 8211 per metric ton (dry basis) of pulp or paper for 2 hours every 8 hours. Badly fouled process systems must be cleaned before initial treatment.

**CONTINUOUS FEED METHOD:** Apply 160 to 480 ml of LPM 8211 per metric ton (dry basis) of pulp or paper produced on a continuous basis. Badly fouled process systems must be cleaned before initial treatment

## **PRECAUTIONS**

### **KEEP OUT OF REACH OF CHILDREN**

**WARNING!** Causes eye and skin Irritation.  
Potential skin sensitizer.  
Harmful if swallowed or inhaled.

- WEAR CHEMICAL RESISTANT GLOVES WHEN HANDLING THIS PRODUCT.
- AVOID CONTACT WITH EYES, SKIN AND CLOTHING.
- WEAR GOGGLES OR FACE SHIELD.
- DO NOT BREATHE VAPOURS.
- USE WITH ADEQUATE VENTILATION.
- DO NOT SPRAY THE PRODUCT IN OPEN SYSTEMS.
- KEEP CONTAINER CLOSED.
- WASH THOROUGHLY AFTER HANDLING.
- AVOID CONTAMINATION OF FOOD, FEED OR DRINKING WATER.
- LAUNDRER PROTECTIVE CLOTHING BEFORE REUSE.

## **FIRST AID**

**In case of contact:** immediately flush eyes and skin with large amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. For eyes, hold eyelids apart during the flushing to ensure rinsing of the entire surface of the eye and lids with water. Get medical attention immediately. Wash clothing before reuse.

**If swallowed:** call a physician or a poison control centre IMMEDIATELY. Induce vomiting as directed by medical personnel. Never give anything by mouth to an unconscious or convulsing person. Get medical attention immediately.

**If inhaled:** remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention immediately.

Take container, label or product name and Pest Control Product Registration number with you when seeking medical attention.

## **TOXICOLOGICAL INFORMATION**

There is no specific antidote. Medical personnel should provide symptomatic or supportive treatment. Probable mucosal damage may contraindicate the use of gastric lavage.

## **ENVIRONMENTAL HAZARD**

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, or public waters. Open dumping is prohibited.

## **STORAGE**

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. If plastic, do not reuse empty container.

## **DISPOSAL**

1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

**NOTICE TO USER:** This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

**NOTICE TO BUYER:** Seller's Guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
