DIRECTIONS:

FOOD PROCESSING AND SERVICING:

In case of hard surfaces:

- 1) Pre-flush and/or scrape residues with COLD water.
- 2) Clean with detergents by wiping, pouring, spraying, brushing and/or soaking.
- 3) No rinsing on non-porous food contact surfaces required at

concentrations of 200 ppm available chlorine or less, provided surfaces are thoroughly drained. At higher concentrations, rinse thoroughly with potable water.

4) Apply ZOCHLOR as follows:

SANITIZING FOOD UTENSILS: Soak in a solution of 1 mL per litre (100 ppm available chlorine) for a minimum 45 seconds to 2 minutes. (In accordance with the time stipulated by various provincial regulations).

FOOD PROCESSING PLANTS: (Dairies, Meat, Fish, Poultry, etc.) Treat containers, vats, equipment, walls, floors with a solution of 2 mL ZOCHLOR per litre (200 ppm available chlorine).

OTHER AREAS OF APPLICATION:

Hospitals: 2 mL/L for normal use, 5-10 mL/L under less hygienic conditions or where hepatitis is suspected.

Basins, Bathtubs, Tile: Wash thoroughly with hot water or soap solution containing 6 mL/L.

Toilet Bowls: Add 60 mL to the bowl. Swab all surfaces, leave several minutes then flush. DO NOT use other bowl cleaners in conjunction with ZOCHLOR.

Garbage Cans: Rinse with a solution of soapy water containing 6 mL/L.

General Disinfecting: 2 mL/L (200 ppm available chlorine).

Drains: Add 60 mL, let stand 5 minutes, then flush. Safe for use with septic tanks.

GENERAL

- 1) Dilute with cold to tepid water for best results.
- 2) Longer periods of contact enhance germicidal activity.
- 3) ZOCHLOR will not affect septic tanks when used in the quantities recommended on this label.
- 4) Product loses strength if stored in warm place.
- 5) Due to its high strength, product degrades with age.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. KEEP FROM FREEZING. STORE IN COOL DARK PLACE. Dangerous gas forms when mixed with acids. Do not use on aluminum or silverware or sensitive fabrics. Do not mix with acid, toilet bowl cleaners, rust removers or household ammonia. Avoid contact with skin or eyes.

FIRST AID:

If splashed in eyes or on skin, flush thoroughly with water.

If swallowed, give one or two glasses of milk or water. Call physician immediately. Keep patient warm.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

TOXICOLOGICAL INFORMATION:

Corrosive liquid. May cause severe eye and skin burns. Harmful or fatal if swallowed.

NOTICE TO USER: This control product is to be used only in accordance with the directions on the label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

DO NOT STORE IN FOOD PROCESSING AREAS OR IN FOOD STORAGE AREAS.

LOT NO.
