REFER TO MATERIAL SAFETY DATA HANDLING SHEET PRIOR TO USE

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label, and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

DIRECTIONS FOR USE:

To control growth of bacteria and fungi in cooling systems, initial dose at 400 to 500 mL per 10 000 L of water in the system (equivalent to about 40 to 50 ppm active ingredient) continuing dosages should be applied at 50 to 250 mL per 10 000 L of water in the system (Equivalent to about 5 ppm to 25 ppm active ingredient) every 2 to 5 days or as needed. Frequency of addition depends upon the relative amount of bleed-off and the severity of the microbiological problem. Slug fed additions should be made to cooling tower basin or sump, or an alternate point which provides good mixing.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Workmen handling the product should wear rubber gloves and goggles and should avoid contact of the product with clothing or skin after any exposure. Wash promptly and thoroughly with an abrasive soap and cool water and finally with glycerin. Keep the drum closed when not in use. Do not reuse container destroy when empty. Do not use in potable water system.

FIRST AID INSTRUCTIONS:

If swallowed, induce vomiting if patient is alert. Call a physican immediately. If splashed in eyes or on skin, flush thoroughly with water. Call a physican.

KEEP FROM FREEZING

DISPOSAL:

- 1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
- 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
- 3. Dispose of the container in accordance with provincial requirements.
- 4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of

- Conservation and Protection Service, Environment Canada.
- 5. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.
