I98/A-1

AMBUSH 480 EC is a synthetic pyrethroid insecticide of low mammalian toxicity. It is a fast-acting stomach and contact insecticide with no systemic or fumigant effect. It is recommended for control of whiteflies on greenhouse ornamentals, tomatoes and cucumbers.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. May be harmful if swallowed, absorbed through the skin or inhaled. Causes eye and skin irritation. Avoid splashing concentrate in eyes or on hands or clothing. Avoid breathing vapours or spray mist. Wear long sleeve shirt, long pants, chemical resistant gloves and goggles during mixing/loading, clean-up and repair. Wear a respirator with an organic vapour cartridge when applying the product. Do not reenter treated areas until 12 hours after treatment. If early reentry into treated areas is required, workers must wear long sleeve shirt, long pants, chemical resistant gloves and a respirator with an organic vapour cartridge.

This product is very toxic to fish. Do not contaminate ponds, lakes, streams or rivers during sprayer filling operations or while spraying. This product is very toxic to bees; avoid spraying when bees are foraging.

FIRST AID

DANGER - This product contains a Petroleum Distillate, therefore, if swallowed, do not induce vomiting. Get medical attention immediately. If patient is unconscious, give him air. If splashed in eyes, wash with plenty of clean water. If on skin, wash with soap and water. If inhaled, remove victim to fresh air, apply respiration if required and seek medical attention immediately.

TOXICOLOGICAL INFORMATION

This product contains petroleum distillate. Treat symptomatically for ingestion and/or skin and eye contact. Do not induce vomiting.

EMERGENCY NUMBER

All hours, 1-800-327-8533 (FASTMED) ONLY for health and environmental information.

STORAGE

Store in a cool, dry, well ventilated area away from foodstuffs and out of the reach of children and animals. Keep product from freezing.

SPILL CLEANUP

Wear appropriate protective equipment (gloves, glasses, apron) when attempting to clean up the spill. If the container is leaking, secure leak and place the container into a drum or heavy gauge plastic bag. Contact ZENECA Agro (see EMERGENCY TELEPHONE NUMBER) for further information.

For spills and leaks; contain the liquid with dikes of inert material (soil, clay, kitty litter etc.). Absorb the spill onto inert material and shovel into a sealable waste container.

On hard surfaces - sprinkle spill area with detergent and scrub in a small quantity of water with a coarse broom. Let stand 10 minutes then absorb onto an inert material and shovel into the waste container.

On soil - remove the top 15 cm of soil in the spill area and replace with fresh soil. Dispose of all waste including scrub brush in accordance with provincial requirements. For more information on the disposal of waste and the clean up of spills, contact the Provincial Regulatory Agency or the Manufacturer.

DISPOSAL

Rinse the empty container thoroughly and add the rinsings to the spray mixture in the tank. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make the empty container unsuitable for further use. Dispose of container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

DIRECTIONS FOR USE

GREENHOUSE ORNAMENTALS: Aspidistra, Begonia, Boston Fern, Chrysanthemums, Cordyline, Dieffenbachia, Draceana, Ficus, Fuchsia, Geranium, Gerbena, Impatiens, Petunias, Philodendron, Poinsettias, Roses, Sanseveria, and Spider plants: Greenhouse Whitefly - Mix 21 mL of AMBUSH 480EC in 100 L water. Apply to cover all foliage thoroughly. Repeat application as necessary to maintain control. Although no damage has been recorded, it is advisable to keep spray off open blooms in greenhouses.

Chrysanthemum Leafminer - Mix 21 mL of AMBUSH 480EC in 100 litres of water. Apply using conventional spraying equipment when insect populations develop. Repeat applications weekly as needed.

GREENHOUSE TOMATOES AND CUCUMBERS: Greenhouse Whitefly - Mix 21 mL of AMBUSH 480EC in 100 L water. Apply to cover all foliage thoroughly. Repeat application as necessary to maintain control. May be applied up to 1 day before harvest of tomatoes and cucumbers.

NOTE FOR GREENHOUSE USE: Do not mix AMBUSH 480EC with other pesticides, as many plant varieties may respond differently to mixtures of chemicals. On waxy leaf ornamentals, the use of a spreader sticker may improve the effectiveness of AMBUSH.

NOTICE TO BUYER

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
