JOS 1K0

INITIAL DOSE:

250 mL / 10,000 L.

MAINTENANCE DOSE:

65 mL / 10,000 L of water, every 3 days or sooner if temperature is high the pool heavily used or after a heavy rain.

For destruction of visible algae, the initial dose should be repeated within 48 hours once the killed algae are removed from the pool. If fresh water is added at the rate of more than 10% per week of pool capacity, add 200 mL for every 10,000 L of fresh water.

CAUTION:

Keep out of reach of children. Do not mix with other pool chemicals. Avoid contact with skin and eyes. Avoid contamination of food. Rinse empty containers thoroughly with water and discard.

FIRST AID:

If splashed on skin or in eyes, flush with water. If swallowed, drink milk, egg whites or large quantities of water.

CALL A PHYSICIAN.
