USE DIRECTIONS

This industrial and institutional cleaner-disinfectant-deodorizer-fungicide-virucide when used according to directions, is effective against staphylococcus aureus salmonella choleraesuis - pseudomonas aeruginosa - salmonella typhosa - pathogenic fungi such as trichophyton interdigitale - escherichia coli - brevibacterium ammoniagenes - klebsiella pneumoniae and influenza A₂ - herpes simplex adenovirus type 2 - and vaccinia viruses.

Recommended for use where housekeeping is of prime importance in controlling pathogenic bacteria on environmental surfaces such as floors, walls, tables, chairs, counters, sink tops, garbage pails, rest rooms, bed pans, bed frames and other hard surfaces. Very effective for controlling odours caused by the growth of bacteria, mold, mildew and fungi.

DISINFECTION: Use 1 part per 64 parts water. Apply with a cloth or mop. Rinse and allow to dry. DO NOT MIX WITH OTHER CLEANERS. Rinse empty container with water before discarding.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. May cause eye damage or skin irritation. Do not get concentrate in eyes or skin. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, GET MEDICAL ATTENTION. If swallowed, drink milk, egg whites, gelatine solution, or if these are not available, drink large quantities of water. GET MEDICAL ATTENTION IMMEDIATELY.
