DIRECTIONS FOR USE: The IOBIO™ device aids in the control of bacteria, algae and slime in open recirculating cooling water systems that are used in conjunction with cooling towers,

evaporative condensers and evaporative fluid coolers. The IOBIO™ device automatically controls and continuously dispenses a precise and very low concentration of elemental iodine (300 ppm) into the recirculating water, to maintain a nominal residual of 0.3 ppm.

IOBIO™ is not affected by pH values, dissolved mineral levels, or temperatures commonly found in open recirculating water systems which cool air-conditioning and industrial processes. When correctly selected and applied, the IOBIO™ canister requires replacement only once per year.

See the enclosed booklet for background information on the IOBIO™ device and instructions on installing and operating.

PHYSICAL OR CHEMICAL CAUTIONS: Do not store or ship in the presence of ammonia. This product will form explosive nitrogen iodides when contacted with liquid ammonia aqueous solutions (such as household ammonia) or alkaline solutions of ammonia salts.

THIS CANISTER CONTAINS A COMMERCIAL GRADE OF PURE, ELEMENTAL IODINE. DO NOT DAMAGE OR IN ANY WAY ATTEMPT TO EMPTY CANISTER OF CONTENTS.

STORAGE: Keep canister tightly closed. Store in a dry place. Do not store in the presence of ammonia.

DISPOSAL:

Pesticide Disposal: Pesticide wastes are acutely hazardous.

Canister Disposal: DO NOT THROW EXPENDED IODINE CANISTERS IN THE TRASH. Ship the expended canister back to the manufacturer in the reusable carton that arrives with the replacement canister. Otherwise, dispose of the container in accordance with provincial/territorial requirements.

For information on the disposal of unused, unwanted product and cleanup of spills, contact the Provincial/Territorial Regulatory Agency or the Manufacturer.

LIMITATION OF USE: DO NOT USE THIS PRODUCT WITH AIR WASHERS OR DIRECT EVAPORATIVE COOLERS USED FOR HUMAN COMFORT COOLING.

PRECAUTIONS: DANGER - IODINE IS CORROSIVE TO EYES AND CAUSES SKIN BURNS. KEEP OUT OF REACH OF CHILDREN. MAYBE FATAL IF SWALLOWED OR INHALED. HARMFUL IF ABSORBED THROUGH THE SKIN. Do not get in eyes, on skin, or on clothing. Do not breathe vapour or mist. Do not taste or swallow.

EYES: Protective eyewear must be worn.

SKIN: Wear protective clothing and chemical resistant gloves when handling. Wash thoroughly with soap and water after handling and before eating or smoking. Remove contaminated clothing and wash before reuse. DO NOT WEAR contaminated clothing.

FIRST AID INSTRUCTIONS:

If In Eyes: Flush with plenty of water. Call a physician.

If On Skin: Wash with plenty of soap and water. Obtain medical attention.

If Swallowed: Call a physician or poison control centre. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If Inhaled: Remove from area to fresh air. If not breathing, clear airway and start mouth-to-mouth artificial respiration or use a bag-mask respirator. Call a physician immediately.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

GENERAL USE PRECAUTIONS: Read all label directions before using. Apply this product only as specified on the label.

NOTICE TO USER:

This product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
