INSTRUCTIONS

Laundry: Dilute 40 to 50 mL of this product in 1 litre of water and pour in your wash water before adding laundry. Safe for nylon, orlon, terylene and for all fast colours. Do not use on wool, silk, unfast colours, leather or silverware.

Different uses: Removes stains, disinfects and deodorizes toilet bowls, baths, garbage cans, sick rooms, linoleum, woodwork, tiles, counter sinks, refrigerators, dish water. 15 mL per 1 litre of water.

On the farm: Normally: 20 mL of this product in 10 litres of water yields a solution containing 200 ppm available chlorine. The use of this product at a concentration equal or greater than 200 ppm available chlorine on materials or surfaces which come into direct contact with food should be followed by a rinse with potable water.

Swimming pool:

1. Maintain recommended daily levels as determined by testing kit.

Free available chlorine:	1.0-3.0 ppm
pH:	7.2-7.8
Total Alkalinity:	100-120 ppm
Calcium Hardness:	200-300 ppm

2. Initially superchlorinate pool water by adding to the pool 1 L of this product per 10,000 L of pool water. For best results, superchlorinate at dusk.
3. Chlorinate daily to maintain proper chlorine residual with 250 mL of this product per 10,000 L of pool water, or as needed.

NOTE: Hot weather, heavy pool usage, and rain may require higher usage rates to maintain proper chlorine residuals.

4. Superchlorinate weekly with 1 L of this product per 10,000 L of pool water when average daily temperature is 25°C - 32°C. Otherwise, superchlorinate every other week.
5. For visible algae superchlorinate using 2 L of this product per 10,000 L of pool water. Heavy algae infestation may require dosages up to 3 L per 10,000 L. Vacuum pool when dead algae settles.
6. For wading pools, chlorinate daily to maintain a chlorine residual of 3-5 ppm by adding 45 mL of this product per 1,000 L of pool water, or as needed.

NOTE: For outdoor pools, chlorine residuals can be protected from destruction by sun's rays by addition of stabilizer (cyanuric acid).

PRECAUTIONS

Keep out of reach of children.

Dangerous gas formed when mixed with acid.

Do not mix with any other chemical.

Avoid contact with skin and eyes.

Harmful if swallowed.

Keep container closed and store in a cool location.

Rinse container thoroughly before discarding. Do not re-use.

FIRST AID

If splashed in eyes or on skin, flush thoroughly with water for 15 minutes. For eye contact, get medical attention. If swallowed, drink one glass of milk or warm water. Call physician or poison control centre immediately.

NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.
