DOMESTIC

99% DUST FREE

CLUMPING CAT LITTER

SCENTED

99% DUST FREE

Antibacterial agent eliminates odour-causing bacteria

Odours are caused by bacteria. Clumping Cat Litter with antibacterial agent controls the bacteria, thus eliminating odours

Granules bond tightly when exposed to liquid

Clumps do not break apart when removed or scratched by cat

Removes liquid and solid waste

DIRECTIONS:

For best results:

1. Cover bottom of litter tray with at least 5 cm (2") of granules. Tray liner is not required. Never mix with other litters.
2. Remove waste clumps with a sifting scoop daily. The remaining litter stays clean and fresh, do not discard. Refill, as needed, to maintain at least a 5 cm (2") depth.

Made from Bentonite clay. One 10 kg bag of Clumping Cat Litter is equal to two 11 kg bags of conventional litter.

PRECAUTIONS: Thoroughly wash hands after exposure to used litter. Pregnant and nursing women should exercise caution and consult with a physician before handling litter box. Product becomes slippery and slick when wet. Do not use as an aid for traction.

DISPOSAL: Dispose of used or unused product with household garbage. DO NOT FLUSH WASTE DOWN THE TOILET OR SEPTIC TANK SYSTEM.

* Dust free

(No more than 1% passes through a #100 mesh U.S. standard sieve)

Filled by weight, not volume.
