POOL-BRITE  
CHLORINATING LIQUID  
Controls Bacteria and Algae  
in Swimming Pool Waters

DOMESTIC

REG. NO.: 20107 PEST CONTROL PRODUCTS ACT

GUARANTEE:  
SODIUM HYPOCHLORITE.....10.8%

WARNING CORROSIVE

NET CONTENTS: 20L

READ LABEL BEFORE USING

HUGH KNILL LIMITED  
R.R. NO. 3 PARIS, ONTARIO  
N3L 3E3  
PHONE: 442-4047

DIRECTIONS FOR USE:

1. Maintain recommended daily levels as determined by testing kit:

Chlorine:.....1.0 - 3.0 ppm  
pH:.....7.2 - 7.8  
Total Alkalinity:.....100 - 120 ppm  
Calcium Hardness:.....200 - 300 ppm

2. Superchlorinate pool water initially with 1 litre Pool Brite per 10,000 litres of pool water.
3. For best results superchlorinate at dusk.
4. Chlorinate daily to maintain proper chlorine residual with 250 millilitres of Pool-Brite per 10,000 litres of pool

water.

Total Daily Charge:	Litres of Water
12.5 - 25mL:.....	1,000
125 - 250mL:.....	10,000
250 - 500mL:.....	20,000
625mL-1.25L:.....	50,000
1.25- 2.50L:.....	100,000
3.25- 6.25L:.....	250,000

NOTE: Hot weather, heavy pool usage, and rain may require higher dosages to maintain proper chlorine residuals.

5. Superchlorinate weekly with 1 litre per 10,000 litres if average daily temperature is 25°C - 32°C. Otherwise, superchlorinate every other week. 6. For visible algae superchlorinate with 3 litres per 10,000 litres of pool water. Wait at least 24 hours and vacuum pool to remove dead algae.

NOTE: For outdoor pools, chlorine residuals can be protected from destruction by sun's rays by addition of proper quantity of cyanuric acid.

FOR WADING POOLS:

maintain chlorine residuals of 3-5 ppm by chlorinating daily. Add 45 mL Pool-Brite for every 1,000 L of pool water.

Pool-Brite is a high strength sodium hypochlorite solution which exhibits excellent algaecidal properties. Proper use of Pool-Brite in conjunction with a regular maintenance program will give a sanitary pool, free of harmful micro-organisms.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN

Do not mix with any other chemical. Dangerous gas formed when mixed with acid.

Avoid contact with skin and eyes.

Harmful if swallowed.

Keep container closed and store in a cool location.

Rinse container thoroughly before discarding. Do not reuse.

To dispose of chemical, flush into sewer with large quantities of water.

FIRST AID:

If splashed in eyes or on skin, flush thoroughly with water for 15 minutes. If eye irritation persists, get medical attention. If swallowed, give one or two glasses of milk or warm water. Call a Physician IMMEDIATELY. Keep patient warm.

STORAGE:

Keep container closed. Store away from sunlight and in a cool location. USE AT ONCE: Stability maximum 6 months. Do not store in trunk of car for extended periods of time.
