DIRECTIONS FOR USE:

Turn adjustable nozzle back slightly and squeeze trigger to

operate. Adjust nozzle to provide desired spray pattern. Spray infested surfaces until wet. Remove pets and cover fish bowls before spraying. Do not use while food is exposed. Do not allow children or pets to contact treated surfaces until surfaces are completely dry.

PEST	TIMING/APPLICATION
Cockroaches, ants, silverfish, spiders, crickets, earwigs, sowbugs, millipedes, centipedes	Apply spray to localized areas until wet. Spray areas where these pests are found or may hide including cracks and crevices, behind and beneath cabinets, refrigerators, sinks, stoves, garbage cans, baseboards, plumbing and other utility installations. Treat ant trails, nests and points of entry such as around windows, door frames and sills. Repeat treatment if pests re-appear.
Carpet beetles	Spray edges of carpeting, under carpeting and rugs. Make localized spot treatments to floor and baseboards. Repeat if pests re-appear.
Clusterflies, clover mites	Spray outside and inside surfaces of window frames, and cracks and crevices where flies can enter in the fall and spot-treat indoors when flies first appear. Repeat if pests re-appear.
Brown dog ticks and fleas	Spot-spray infested areas around baseboards, windows and door frames, wall cracks, sleeping areas of pets. Repeat as necessary. Place fresh bedding in animal quarters after treatment. DO NOT TREAT ANIMALS. DO NOT APPLY TO FURNITURE.

Flies, mosquitoes, wasps (outdoors)	Apply as an aid in reducing annoyance from these insects. Spray outside surfaces of screens and doors, or wherever these pests may enter the room. DO NOT USE AS A SPACE SPRAY.
--	---

PRECAUTIONS:

Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with eyes, skin, clothing and avoid inhalation of vapours or spray mist. Wash thoroughly after handling and before eating, drinking, etc. KEEP OUT OF REACH OF CHILDREN. Do not allow children and pets into treated areas until surfaces are dry. Do not apply to plants, animals or humans. Remove pets and fishbowls from area before treatment and do not return them for at least 4 hours after treatment. Do not allow humans or pets to contact treated surfaces until the spray has dried.

DO NOT CONTAMINATE FOODSTUFFS. Do not use in areas where food may be exposed. Do not use in bulk food storage areas. Do not use in cupboards where food or cooking utensils are stored. In homes or dwelling, remove or cover all exposed food and cooking utensils before spraying. After treatment, thoroughly wash all surfaces that might contact food with potable water before re-use.

Environmental Cautions:

This product is toxic to fish, birds and wildlife. Keep out of lakes, streams or ponds. Do not apply where run-off is likely to occur. Do not apply when weather conditions favour drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on this label.

FIRST AID:

In case of poisoning, obtain medical attention immediately taking the pesticide container with you. If on skin, remove contaminated clothing and wash skin thoroughly with soap and water. If in eyes, flush with plenty of clear water for 5-10 minutes and obtain medical attention. If swallowed, give patient one to two glasses of water and induce vomiting. Repeat with water until vomit is clear. Do not cause vomiting if the patient is unconscious or in a convulsive state.

TOXICOLOGICAL INFORMATION:

Chlorpyrifos is a cholinesterase inhibitor. Atropine is antidotal.

DISPOSAL:

DO NOT RE-USE CONTAINER. Wrap and dispose of empty container in household garbage.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
