DANGER

EXTREMELY FLAMMABLE EXPLOSIVE

NET CONTENTS: 425 grams

Scotts Canada Ltd.
2000 Argentia Road
Plaza #5, Suite 101
Mississauga, Ontario
L5N 2R7

DIRECTIONS: For the control of wasps, bees, hornets and yellow jackets, remove protective cap and point nozzle in direction of the wasp nest or at the insect. Press the nozzle and completely saturate the nest from a distance of 2 to 2.5 metres. Allow sufficient time for insects to die. Application to wasp nests should be made in late evening or early morning when insects are at rest.

LIMITATIONS: Do NOT use inside homes, on humans or animals. Do

NOT use as a space spray.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May be harmful if swallowed, inhaled or absorbed through skin. Provide adequate ventilation of area being treated. Avoid contact with eyes, skin and clothing. Avoid breathing spray mist. Wash thoroughly with soap and warm water after using. Do not allow children or pets to contact treated areas until surfaces are thoroughly dry. Do not contaminate food, utensils, food preparation, handling or storage areas. Toxic to bees, fish and wildlife. Do not contaminate any body of water. Do not contaminate animal feeding areas. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat, or store or use above 50'C as container may burst. Do not spray near open flame or spark, or while smoking. Do not spray asphalt shingles, as this product may stain them.

FIRST AID INSTRUCTIONS: If on skin, wash immediately with soap and warm water. If in eyes, flush for 15 minutes with water. If irritation develops, consult physician. If accidentally swallowed, call a physician or Poison Control Centre at once.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Propoxur is a cholinesterase inhibitor. Atropine sulfate is antidotal. Do not give morphine. Watch for delayed pulmonary edema in cases of serious poisoning. In this case, use oxygen therapy and treat symptomatically.

DISPOSAL: When container is empty, press button to release all pressure, then dispose in household garbage. Do not puncture or incinerate container.
