Bulab 6006 is a broad spectrum liquid microbicide.

DIRECTIONS FOR USE

COOLING WATER SYSTEMS

For the control of algae, bacteria, and fungi in commercial and industrial cooling water systems, add Bulab 6006 as follows:

Initial dose: 40 - 80 mL per 1,000 L water in the system.

Maintenance dose: Every 2 to 5 days or as needed, 5 - 25 mL per 1,000 L of water in the system.

PRECAUTIONS

DANGER KEEP OUT OF REACH OF CHILDREN

DANGER: POTENTIAL SKIN SENSITIZER. Corrosive, causes eye and skin damage. Harmful if swallowed. Wear a full-face NIOSH-approved respirator, chemical-resistant gloves, long pants, a long-sleeved shirt, safety shoes plus socks, a chemical-resistant apron and safety glasses or face shield during mixing/loading, clean-up and repair activities. Avoid contact with eyes, skin, clothing, or the contamination of food. Avoid breathing vapors. Users should wash hands and face before eating, drinking, chewing gum, and when using tobacco or the toilet. Keep away from open flame. Users should remove clothing/protective equipment immediately if this product comes in contact with the skin through soaked clothing or spills. Then, thoroughly wash the skin and put on clean clothing. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with the concentrate of this product. Do not re-use them. Keep the container closed when not in use.

Do not apply by open pouring of the liquid to cooling water systems; a metering pump is required for this use.

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

Eye exposure: Immediately flush with plenty of water for at least 15 to 30 minutes or longer till irritation subsides. Do not remove contact lenses if worn. Get immediate medical attention.

Skin exposure: Immediately wash with a mild soap and water. See a physician if irritation occurs. Remove and wash contaminated clothing (including shoes) before reuse.

Inhalation: Use proper respiratory protection to immediately remove the affected person from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Get prompt medical attention.

Ingestion: DO NOT INDUCE VOMITING. Rinse mouth with copious amounts of water or milk, first. Irrigate the esophagus and dilute stomach contents by slowly giving one (1) to two (2) glasses of water or milk. Avoid giving alcohol or alcohol related products. In cases where the individual is semi-comatose, comatose or convulsing, DO NOT GIVE FLUIDS BY MOUTH. In all cases, seek IMMEDIATE medical assistance or contact the Poison Control Centre.

TOXICOLOGICAL INFORMATION: Note to physician: This product contains petroleum distillates. Probable mucosal damage following ingestion may contraindicate gastric lavage.

DISPOSAL

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the manufacturer and the Provincial Regulatory Agency in case of a spill, and for clean-up of spills.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
