C-I-L Dog and Cat Repellent is suitable for indoor use to break pets of undesirable habits (sleeping on furniture, chewing objects, etc.). For both indoor and outdoor situations, the most effective control for a pet is the sharply spoken word, backed up with a disciplinary action.

DIRECTIONS

Indoors, to break your pet of undesirable habits, such as sleeping on furniture, rugs and other forbidden areas in your home, spray the article of furniture, rug, etc., lightly so that the area or object is slightly moistened. Before spraying extensive areas of rugs, fabrics or plastics, test the effect of C-I-L Dog and Cat Repellent by first treating a small inconspicuous area. C-I-L Dog and Cat Repellent may stain or soften some fabrics or plastics. An alternate method to avoid

possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily, or as necessary, until undesirable habit is broken.

Outdoors, to prevent your pet or stray animals from soiling flower beds, areas of lawn, trees, shrubbery or evergreens, spray the edges of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawn, etc., lightly every day or every other day. Stray animals are frequently attracted to areas where urine or feces have been deposited. First, remove any droppings, then spray the spot with this masking odor. Re-apply as often as necessary until undesirable habits of your pet or stray animals are changed. Do not apply directly to foliage of shrubs, ornamentals or annual plants.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Pressurized contents. Avoid contact with skin. Wash thoroughly after use. Avoid contamination of food, feed, utensils, drinking water or any body of water. Do not use on animals. Do not apply to food crops. Do not store at temperatures above 50°C or place container on radiator or stove, or where excessive temperatures may be encountered. Do not spray near heat or open flame.

DISPOSAL: Dispose of empty container with household garbage.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out in the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

GUARANTEE:

methyl nonyl ketone.....1.9%
