SECONDARY PANEL – ENGLISH

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

USE DIRECTIONS:

KAY® Liquid Sanitizer is a proven "one-step" cleaner in the presence of moderate amounts of organic soil. Apply KAY Liquid Sanitizer to non-porous surfaces such as tables, chairs, countertops, or sinks so as to thoroughly wet surfaces. Prepare a fresh solution daily or when solution becomes visibly dirty.

SANITIZING NON-FOOD CONTACT SURFACES: To sanitize pre-cleaned, non-porous surfaces, immerse in a 5-mL (1 pump) per 1-L solution of KAY Liquid Sanitizer (150 ppm) for at least 60 seconds. Allow to air dry. Do not rinse. For equipment too large to sanitize by immersion, apply a 10-mL (2 pumps) per 1-L solution of KAY Liquid Sanitizer (300 ppm) by rinsing, squirting, or swabbing until thoroughly wet. Allow surface to drain and air dry. Do not rinse. Wash hands thoroughly with soap and water after handling.

DISPOSAL

- 1. Rinse the emptied container thoroughly and add the rinsings to the treatment site.
- 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
- 3. Make the empty container unsuitable for further use.
- 4. Dispose of the container in accordance with provincial requirements.
- 5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

CONTAINS: Surfactant and sequestrant.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.
DANGER: CORROSIVE TO EYES. DO NOT GET IN EYES, ON SKIN, OR ON CLOTHING. HARMFUL IF SWALLOWED. AVOID CONTAMINATION OF FOOD. Wear long sleeved shirt, long pants, and chemical resistant gloves during mixing, loading, application, clean-up and repair. Wear protective eyewear when handling the concentrate.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, promptly drink a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician or poison control centre immediately. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

Medical emergency: (800)304-0824 or call collect 0(303)592-1709.
