200 g

C-I-L MOTHER EARTH® Ant and Roach Killer is designed to take advantage of mineral deposits of diatoms which have been found useful in reducing crawling insect pest population in and around the private home or apartment. The patented manufacturing process of this product contains two food-grade additives of which one attracts the crawling insects while other is a digestive ingredient. When applied directly, crawling insects are usually killed within 48 hours from cutting action. This fine powder will not stain.

DIRECTIONS:

C-I-L MOTHER EARTH® Ant and Roach Killer will remain effective in controlling many crawling domestic household and garden pests such as: ants, caterpillars, cockroaches, crickets, earwigs, fleas, potato beetles, silverfish, slugs, sowbugs, etc. Direct

application to insect is preferred. Apply by lightly coating or dusting area where insect pests are found or hide such as cracks & crevices, under cabinets, etc. Product remains effective as long as it is present. Use as powder indoors or out. For best results, use in areas where dust application cannot be affected by heavy rains or high winds. For longer control outdoors, use as a wettable powder with water around foundations, shrubs, flower beds, gardens, etc.

DOSAGE:

Dry: Lightly coat desired area. Suggested rate of 50g per 10 m². (1 oz. per 65 sq. ft.).

Wet: Apply to point of wetness 75g in 1L water per 10 m². (2 1/2 oz. in 1 qt. water per 65 sq. ft.).

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Avoid breathing dust. Do not use as a space spray. Avoid contact with eyes.

FIRST AID:

If in eyes, rinse with cold water. If irritation persists, seek medical attention.

DISPOSAL:

Do not reuse container. Wrap and dispose of empty container in household garbage.

For additional product information or in case of emergency, spills or fire, call toll-free 1-800-268-2806.
