®Reg. T.M. of Hüls Canada Inc.

LOT NO. _____

NET CONTENTS _____ KGS.

For use as a fungicide for textiles, cordage and wood.

Use with caution on millwork such as, door and window frames, where subsequent painting may cause bleeding.

DIRECTION FOR USE:

For the preservation of exterior seasoned wood products. For exterior use only. Not for use in dwellings. For above ground use only. Apply to wood surface by brush only for on site field applications: For Industrial Use only in commercial spraybox, flow coating or dip tank equipment which is free of leaks. Equipment must have provision to eliminate or contain mist, overspray, drips and spillage into the surrounding environment. Use of this product in industrial settings requires adequate engineered ventilation and containment measures in the treating area where wood is dried. Do not use the preservative or treated wood where Zinc Naphthenate may contaminate food, feed or drinking water.

For Fabric Use:

For use only on exterior industrial fabric, duck cloth, awnings, etc. Do not use on rubber lined fabric.

For the preservation of Textiles and cordage, deposit 0.8% to 1.2% as zinc metal on finished weight of product. As a wood preservative, a 2.0% zinc metal solution should be used for brush, dip or spray treatment and 0.5% zinc metal solution should be used for pressure treatment.

FIRST AID:

If swallowed, do not induce vomiting. Call physician immediately. If splashed in eyes, flush with clean water for 15 minutes and contact physician. In case of skin contact, remove the product from the skin promptly by washing with vegetable oil or hand degreaser and then with soap and water.

TOXICOLOGY:

Contains petroleum distillate and Zinc Naphthenate. Treat as for ingestion of kerosene.

PRECAUTIONS:

Avoid breathing vapour. Harmful if swallowed or inhaled. Use a cartridge respirator appropriate for the job conditions, e.g., poorly ventilated areas. Wear rubber or plastic gloves and appropriate covering when applying this product. Wash thoroughly after use with soap and water before eating or smoking. Keep container closed when not in use. May cause skin irritation. Avoid skin contact. Flammable. Do not use near open flame or spark. Do not store in areas subject to excessive heat. Keep out of reach of children and animals. Do not contaminate bodies of water. This product is toxic to fish.

DRUM DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Conservation and Protection Service, Environment Canada.
5. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS, INFORM ENVIRONMENT CANADA AS IN #4.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out in the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace

the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
