REG. NO. 9656

P.C.P. ACT.

READ THE LABEL BEFORE USING

INTERPROVINCIAL COOPERATIVE LIMITED,
P.O. BOX 1050, SASKATOON, SASKATCHEWAN S7K 3M9

DIRECTIONS: Co-op Slug Bait attracts slugs and snails and kills them. It has a strong attraction for slugs and snails and the Metaldehyde kills them when they crawl over or eat the bait. Scatter Co-op Slub Bait along pathways, around plants where slugs and snails are numerous or where there are signs of damage. If the soil is dry, sprinkle with water until wet and then apply Slug Bait. Evening is the best time for application since slugs and snails travel and feed more actively at night. Repeat as necessary.

PRECAUTIONS: KEEP OUT OF THE REACH OF CHILDREN. May be harmful if swallowed. Store pellets in a cool dry place. **Dogs are attracted to Metaldehyde baits and poisoning may result.** **Keep dogs away from treated areas.** Keep away from children, poultry and domestic animals. Avoid contamination of feed and food stuffs.

FIRST AID:

1. In case of poisoning call a physician or contact a poison control centre immediately.
2. If on skin, remove contaminated clothing and wash skin

thoroughly with soap and water.

3. If in eyes, flush with water immediately and continue for 5-10 minutes. Get medical attention or contact a poison control centre.
4. If swallowed, induce vomiting then take patient to nearest hospital or doctor's office or contact a poison control centre. Take the pesticide label with you.

DISPOSAL: Do not reuse empty container. Wrap empty container and discard in household garbage.
