Airkem™Z

A Service of
ECOLAB®

Airkem Professional Products
Division of Ecolab Ltd.
5105 Tomken Road
Mississauga, Ontario L4W 2X5

Airkem F/H is multi purpose cleaner, sanitizer germicide,
intended for use in Hospitals, Nursing Homes and related
Institutions, Food and Beverage Processing, Preparation and

Service Institutions, Retail, Manufacturing, Educational and Recreational facilities.

It is safe and effective on floors, walls, ceilings, tables, vats, counters, shelves, conveyors, refrigerators and coolers. Also ranges, hoods, sinks, pots, kettles, steamers, hot food tables, utensils, waste cans and compactors.

F/H at a dilution of 9 mL per litre is effective against the following:

Bacteria: Escherichia coli, Staphylococcus aureus, Salmonella typhosa, Salmonella cholerasuis, Pseudomonas aeruginosa, Shigella sonnei.

Fungi: Aspergillus niger, Candida albicans, Trichophyton interdigitale.

Viruses: Canine distemper, Feline pneumonitis, Herpes simplex, Influenza A2 (Aichi), Parainfluenza 1 (Sendai), Vaccinia.

DIRECTIONS

Sanitizing and Light Cleaning: 200 ppm or 3 mL per L of water. For use in rinsing of dairy and food processing equipment, dishes, glasses and utensils in restaurants and taverns.

General Cleaning: 400 ppm or 6 mL per L of water. Contains deodorizing properties.

Heavy Duty Cleaning: 553 ppm or 9 mL per L of water. For normal heavy duty cleaning of non porous surfaces. Dilution insures a clean surface as well as germicidal and virucidal activity.

Extra Heavy Duty Cleaning: 800 ppm or 12 mL per L of water. For use on wooden chopping blocks and work-tables, concrete, glazed and unglazed tile surfaces, also on extremely heavy soiled surfaces of stoves, hoods, equipment, meat and vegetable racks. Washdown of cold storage areas inhibits fungi growth.

Remove solution and the suspended soil with clean wet mop, sponge, cloth or wet vacuum pick up.

WARNING: KEEP OUT OF REACH OF CHILDREN

Avoid contamination with food. Surfaces subject to food

contact must be thoroughly rinsed with potable water.

CONTENTS: Sodium carbonate, nonionic surfactant, sequestrant.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, contact a physician. Remove and wash contaminated clothing before re-use. If swallowed, drink milk, egg whites, gelatin solution or if none of these are available, drink large quantities of water. Contact a physician immediately.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the spray mixture in the tank.
2. Follow provincial instructions for any required additional cleaning of the container prior to disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
