Notification Change

DIRECTIONS FOR USE:

For the use in the control of microorganisms in industrial metalworking fluids, cooling towers, or water for oilfield flooding. NitroKlenz TN will provide protection at a concentration of 1,000 - 2,000 ppm active ingredient. To obtain 1,000 ppm active add 168 mL of NitroKlenz TN to 100 L of fluid.

PRECAUTION:

May be harmful if swallowed, Crystallizes at 16 deg. C. Store in a warm place. NitroKlenz TN decomposes in the presence of alkaline materials. Protect from vapors of ammonia and amines during handling and storage to prevent deterioration and release of formaldehyde.

FIRST AID:

If swallowed, immediately induce vomiting by giving 2 glasses of water and sticking finger down throat. Call a physician or poison control centre immediately. Do not give anything by mouth to an unconscious person.

NOTICE TO USER:

This control product is to be used in accordance with the directions of this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.
